- **Legs: Stainless Steel**

Cleaning: Wipe the stainless steel legs with a damp cloth regularly to remove dust and fingerprints. For stubborn stains, use a stainless steel cleaner or a mixture of water and vinegar.

Polishing: To maintain the shine, polish the legs with a stainless steel polish as needed.

Avoid Scratches: Be cautious when moving the chair to prevent scratching the legs. Use protective pads on the bottom of the legs if necessary.

- **Upholstery: Velvet**

Vacuuming: Use a soft brush attachment on your vacuum cleaner to remove dust and debris from the velvet surface.

Spot Cleaning: For spills, blot the area immediately with a clean, dry cloth. Avoid rubbing as it may push the liquid deeper into the fabric. Use a mild soap solution for spot cleaning, then blot dry.

Brushing: To keep the velvet looking plush, gently brush it with a soft clothing brush in the direction of the nap.

Professional Cleaning: Consider professional cleaning every 1-2 years to maintain the fabric's appearance.
