

Product Care Instructions

SIDE TABLE

CAUTION: You must read this before you proceed.

Product Description:

This round side table is designed for placing drinks or snacks, perfect as a small side table. It is made of lightweight concrete and coated with a layer of paint.

Usage Guidelines:

- **Weight Limit:**

The maximum weight capacity of the table is 17.65 lbs. Be sure not to exceed this limit to maintain the table's structural integrity.

- **Avoid Prolonged Exposure to Sunlight:**

To prevent the paint from peeling, do not expose the table to direct sunlight for extended periods. Place the table in shaded or indoor areas whenever possible.

- **Care and Maintenance:**

- Regular Cleaning:**

Wipe the table surface with a soft, damp cloth to remove dust and spills. Avoid using abrasive cleaners or scrubbing pads that may damage the paint.

- Stain Removal:**

For tougher stains, use a mild detergent mixed with water. Apply the solution to a cloth and gently wipe the affected area. Wipe with a damp cloth and dry thoroughly.

- **Protection:**

To prolong the life of the table, please use coasters under drinks and placemats under hot or heavy items. This will help prevent scratches and heat damage.

- **Additional Tips:**

Indoor Use: This table is best suited for indoor use. If you need to use it outdoors, make sure to bring it indoors when not in use to protect it from the elements.

Avoid Chemical Cleaners: Do not use harsh chemicals or solvents as they can damage the paint and the concrete material.

Handling: When moving the table, lift it instead of dragging to avoid scratching the floor or damaging the table legs.

Following these care instructions will keep the side table in excellent condition for years to come. Thank you for choosing our product!
