DO NOT FULLY TIGHTEN UNTIL COMPLETELY ASSEMBLING

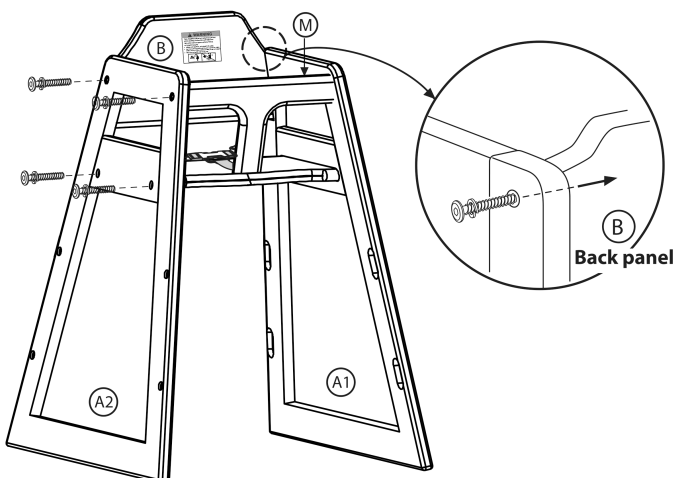

- 1 Place Barrier bar (D) into the top of the seat (C). Insert the bolt (H) through the hole under the seat and then through the hole in the belt (all of them are called (M)).

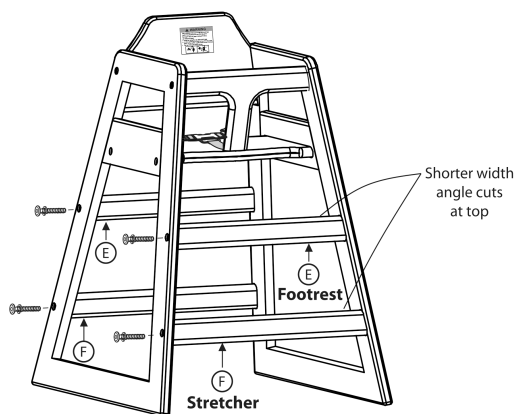

- 2 Join the right & left side panels (A1) (A2) with parts (B) & (M) as shown below. Insert connector bolts (G) to join them. Place back panel (B) into the back slot with the warning instruction facing forward.

- 3 Insert part (M) into the slot on the side panel.

- 4 Tap foot rest (E) into its slots. Install bolts and make sure that the angle cuts on ends are properly aligned with shorter width at top.
- 5 Tap in stretchers (F), and install all remaining connector bolts.

- 6 Check chair balance & tighten all bolts to complete the assembly.

MAINTENANCE:

Periodically tighten screws and bolts, as needed.
Wipe chair clean with a slightly damp soft cloth.

WARNING:

- The child should be secured in the chair at all times by the restraining system.
- It is recommended that the high chair be used only by children capable of sitting upright and unassisted.

⚠ WARNING

FALL HAZARD: Children have suffered severe head injuries including skull fractures when falling from high chairs. Falls can happen suddenly if child is not restrained properly.

- Always use restraints, and adjust to fit snugly.
- Stay near and watch child during use.

It is recommended that the high chair be used in the upright position only by children capable of sitting upright unassisted.
